Beginner Tennis

RCI Junior Program follows the USTA curriculum and progression pathway for our youngest, and newest players. Each player is encouraged to start in their age-appropriate class and our professional staff will quickly graduate the student as needed.

Our goal at the beginner level is to simply engage the kids in challenging and fun activity, with new friends, so they gain confidence in tennis and aspire to learn more. Our staff will help guide the players so they can work towards USTA or UTR tournament play if that's the goal.

Intermediate and Advanced Junior Tennis

Our Intermediate players aspire to play college tennis or are working towards that goal. Court strategy and awareness, further development of long-term stroke variation and more. Elite /HP Program players are our higher-level UTR and USTA tournament level players. The Tennis Director must approve registrants for this program.

Players who register for 4 days a week automatically get the fifth day free!
